

Building skills for today, tomorrow and the future

The **GROW** Project Plan

The **GROW** Project

The **GROWING** Space, where we **GROW** Health & Wellbeing

Gardening

Recreation

Outdoor Learning

Well-being

Welcome to Our School's Health & Well-being space!

- This is an enclosed, safe space.
- Accessible to all learners, staff and wider community in different ways and at different times.

The space will be divided up into **four** quadrants;

- ☺ **Health & Wellbeing Garden** for staff and learners to access at various times.
- ☺ **Gardening Space** where we will run a gardening programme linked to your SQA courses.
- ☺ **Outdoor Classroom** to increase opportunities for outdoor learning and well-being while learning.
- ☺ **Sensory Play area / All-weather gym** - all learners and staff to mix while getting exercise outside.
- ☺ **In the centre there will be a glass dome** - for meetings, outdoor learning and community events.

- The courtyard started off like this...

- The courtyard looks like this just now...

- We are mapping out where the raised beds will be going.

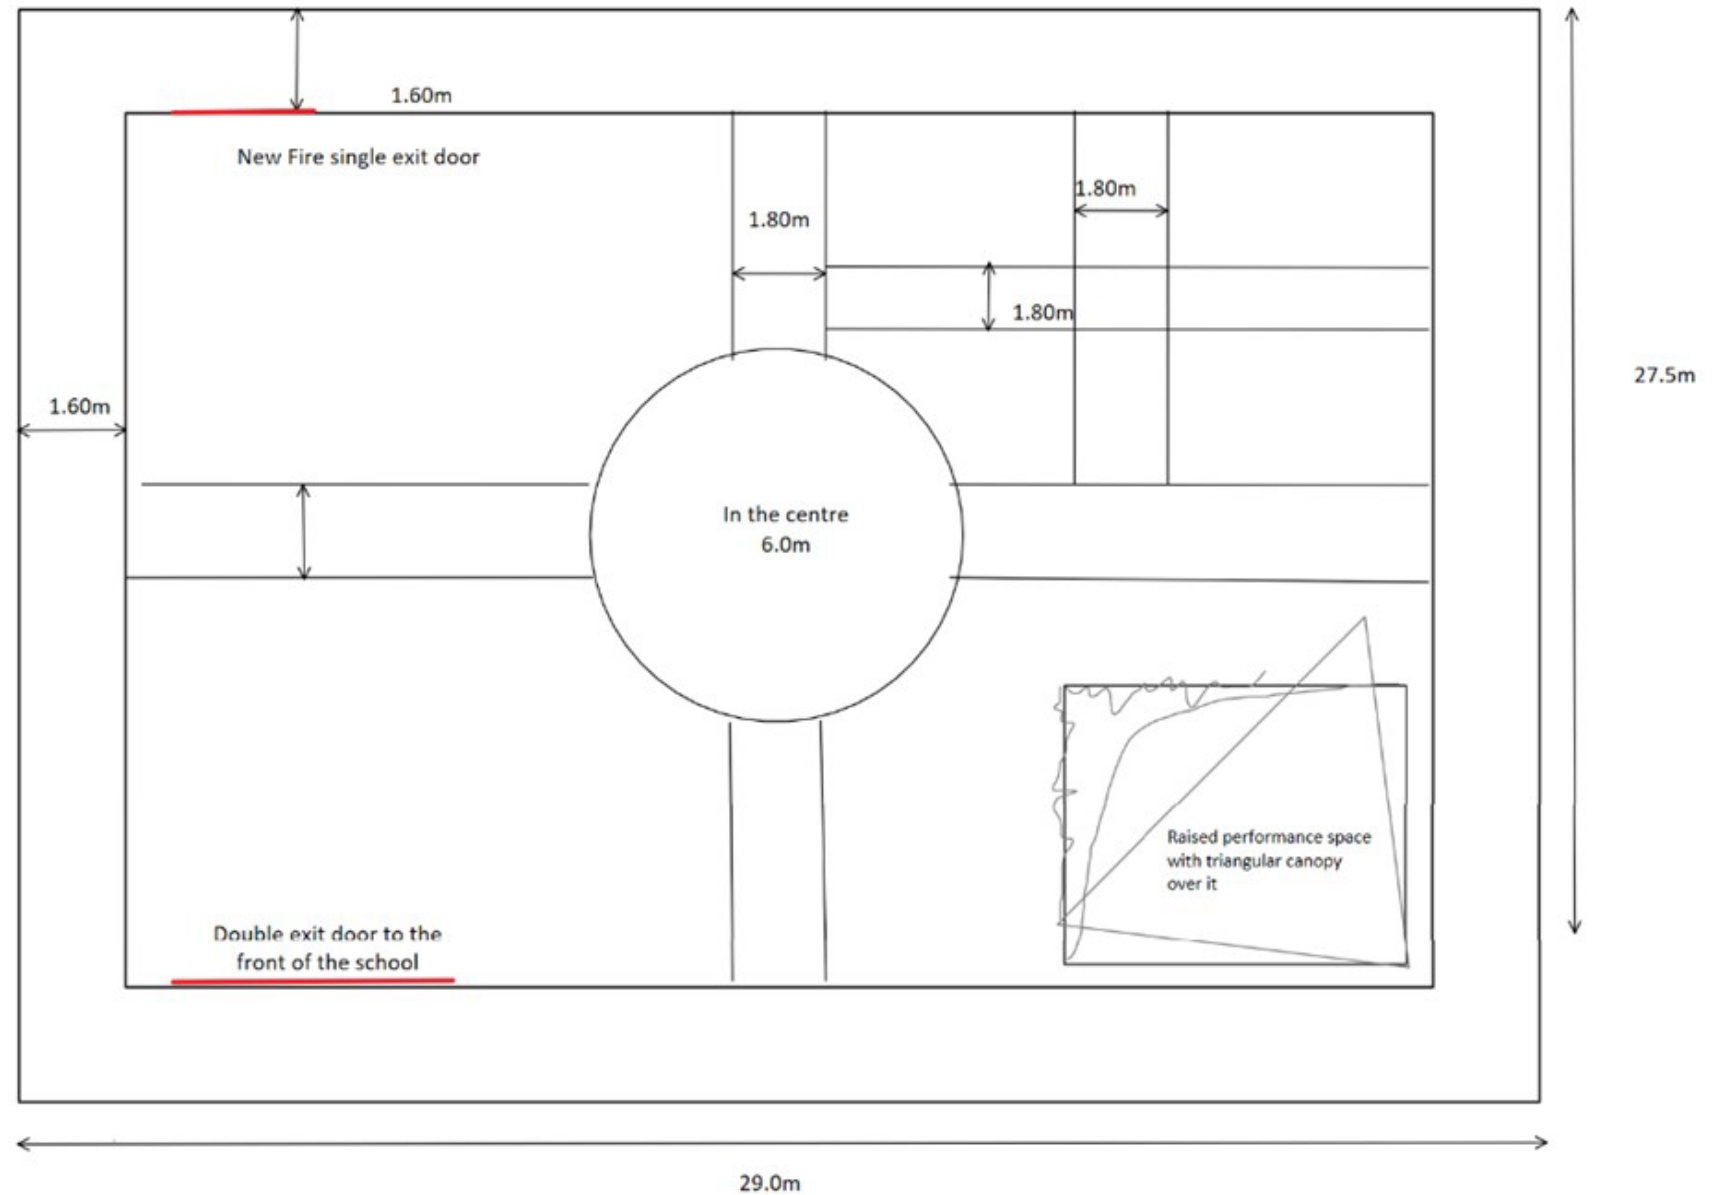

- We have created a plan of what it might look like, putting as many of the ideas that everyone has contributed.
- So here we go...

Courtyard Design - with dimensions

What do we have so far?

- We have the Glass Dome
- We have the Outside classroom sail and frame
- We have funding for the Sensory Play Area
- The second fire exit door has been put in
- We have made the raised beds

What's next?

- We are currently waiting for the concrete foundations to be laid.
- We will be using your funding to start buying our outdoor gym.
